

## FUNERAL SERVICES OF FORMER PASTOR TAKE PLACE HERE

Rev. J. B. Riddle Whose Death Occurred Wednesday at Quannah Is Buried in Local Cemetery—Hundreds of Friends in Attendance

Funeral services for Rev. J. B. Riddle, 66, pastor of the Baptist Church at Paducah and former pastor of the First Baptist Church here, whose death occurred at Quannah at an early hour Wednesday morning, were held here yesterday at the First Baptist church by the pastor, Rev. L. J. Mims, and Rev. R. F. Jenkins of Amarillo.

Rev. Riddle has been ill only a few days. He suffered an attack of pneumonia poisoning at Paducah, Ky., last Saturday afternoon. Other complaints set up and he suffered it until the time of his death, which came in the morning, his wife being at his bedside. His body was brought here Wednesday afternoon from Quannah and lay in state at the home of Mrs. G. E. Blackman, a friend of the Riddle family for many years.

Rev. Riddle was one of the best known Baptist ministers in Texas. He was missionary for years before coming to West Texas, and was for many years a member of the State Mission Board of the Texas Baptist convention. He moved to Vernon from Honey Grove in 1907 and served as pastor of the local church four years. The present church building was erected during his pastorate here. After leaving Vernon he held pastorate at Mart, Kerrville, Olney, Newcastle and Paducah.

He was member of the Masonic order and a Shriner.

Rev. Riddle was married twice. Four children were born to him by his first wife. They are Mrs. Fred Newth of Vernon, Miss Clara Louise Riddle of Cooper, J. C. Riddle of Mart and R. J. Riddle. He is also survived by his second wife and four children, Mrs. Royce West of Wichita Falls, Miss Ada Seale Riddle of Paducah, George Riddle and Dell Riddle, also of Paducah.

Elvin Watkins of Quannah, by request of the family, sang during the funeral services at the church.

Hundreds of people attended the funeral yesterday. Deacons of various churches served by Rev. Riddle during his life time were present and scores of friends and acquaintances of all denominations from throughout this section were here to pay their last respects to the deceased. Floral offerings in profusion were sent. The funeral was one of the most largely attended ever held in Vernon.

## Former Christian Pastor Here Short Time on Thursday

Rev. Ben M. Edwards, former pastor of the Central Christian Church here, was in Vernon yesterday afternoon to attend the funeral of Rev. J. B. Riddle and to visit friends.

His home is in Kansas City and he is now conducting a revival meeting with Christian Church in Quannah. The services began last Sunday and will continue two weeks.

Rev. Edwards is engaged exclusively in evangelistic work and has held meetings in a number of important towns and cities in the Southwest in the past two years.

## RECORD COMPLIMENTED BY CHILDRESS INDEX

The following appeared in the last issue of the Childress Index: "The Vernon Record came out last week with an additional column instead of seven as heretofore. The Record has a remarkable line of advertising and found it cheaper to put on another column to each page than to print additional pages to carry the advertising. The Record stands at the head of the country press in Northwest Texas, and the merchants of Vernon recognize that fact by giving The Record plenty of support."

## MODERN WOODMEN TO SERVE REFRESHMENTS

Members of the Modern Woodmen of America will serve refreshments, Monday night October 8 at the W. O. W. Hall. All Royal Neighbors are invited to attend.

## WOMAN SOLE SURVIVOR OF WRANGLE ISLAND PARTY.

Ada Blackjack, a full-blooded Eskimo woman, is the sole survivor of the party of five who encamped on Wrangle Island, in the Arctic Ocean, to claim it for the British Government. They were marooned on the island for two years. She nursed and fed Knight, one of the party, for five months and for more than two months lived close to his dead body, too weak to bury it. Many times what little food she could gather up was stolen by polar bears. A little party left on the island was part of the Expedition of 1921.

## FOOTBALL GAME IN QUANAH TODAY

### VERNON SQUAD IS PLAYING THIRD TILT OF SCHEDULE THIS AFTERNOON

The Vernon high school football team is in Quannah this afternoon to play the third game of the inter-scholastic schedule with the Quannah eleven. Chillicothe and Burkburnett have already been defeated.

The Quannah team is rated as one of the strongest high school organizations in this section and will no doubt give the locals a lively tussle for the decision in this afternoon's set-to.

Coach Galbraith saw the Quannah team in action a week ago, and while he is not under-rating their ability in the least, he is confident that his huskies can win. The coach said he was undered on his line-up for today's game.

A number of cars filled with supporters of the local team left here shortly after noon today to attend the game and encourage the Vernon players with rooting.

## 3,067 Bales of This Year's Cotton Crop Ginned Up to Date

Gin receipts for Wilbarger County passed the 3,000 mark this week. Gathering of this year's crop has been greatly delayed by frequent rains. Heavy rains fell throughout the county this week and the cool, damp weather has kept cotton from opening as rapidly as it would otherwise open.

Last year at this time more than 9,000 bales had been ginned in the county. Street prices for middling cotton in Vernon this morning was around 28 cents.

Following is this week's gin report:

Peoples	337
Farmers	354
Vernon	351
F. & M.	65
Planters	455
Lockett	534
Fargo	62
Odell (2 gins)	164
Oklahoma (2 gins)	249
Harrold	184
Produced in Wilbarger and ginned in adjoining counties (ginners' estimate)	278
Total	3067

## VERNON I. O. O. F. INITIATE CANDIDATES AT RAYLAND

Local Odd Fellows went to Rayland Tuesday night to confer the initiatory degree on one candidate. The Rayland lodge will return their visit Monday night, and another degree will be conferred here on the same candidate. After the degree work the visiting degree staff was treated to fried chicken, ice cream, cake and pie and other good things to eat. The following went from here: Geo. A. Long, John Walker, O. H. Naylor, L. P. Kramer, Earl Coleman, Raymond Holley, R. E. Williams, P. M. McKinley, Earl Madden, L. D. Hundt, Arthur Carney and Alva Watts.

## ELKS JUBILEE AND AUTOMOBILE SHOW OCT. 17TH TO 20TH

Local Fraternal Order Will Stage Big Celebration of Four Days—Many Entertainment Features Will Be Provided Visitors

An Elks jubilee and automobile show will be staged in Vernon under the auspices of the local Elks Lodge Wednesday, Thursday, Friday and Saturday, October 17, 18, 19 and 20. The celebration will probably be held in the Cregar building on the southwest corner of the square, although definite arrangements have not yet been made for the building.

The jubilee will be opened Wednesday afternoon with a parade through the business district. Prizes will be offered for the most attractively decorated automobile or float in the parade, and four prizes will be awarded for the most beautiful young ladies who ride in the parade.

A queen will be selected to preside over the celebration. She will be crowned the opening night, surrounded by members of her court and the various princesses.

The entertainment will include a number of carnival features, with boxing and wrestling programs for those who like to witness athletic events.

A smucker-luncheon will be given by the local Elks in their lodge rooms next Tuesday night when final plans for the jubilee will be made. Every local and visiting Elk in the city is urged to attend this meeting, which will be in the nature of a good fellowship affair, in addition to an important business meeting.

J. W. Fagg of Mexia will have charge of the jubilee. His headquarters will be at Collins and Ingram's store.

The following committees have been named:

Finance and building—J. A. Jordan, O. K. Storey, F. E. Nowlin.

Entertainment—George Voteto, Roy C. Russell, S. P. Ingram, Guy Puckett.

Parade—J. A. Robinson, C. M. Ladd, P. A. Schad, M. B. Altman, J. M. Napier.

Concessions—Fred Russell, J. M. Collins, T. P. Lisman, Jr.

Booths—B. Daniels, Gus Valos, Harry Mason.

Advertising—Kelton Groover, Roy C. Russell, J. A. Dixon.

Judges of the Automobiles and Young Ladies—Guy Pettit, F. E. Nowlin, J. A. Dixon, Clarence Rainwater.

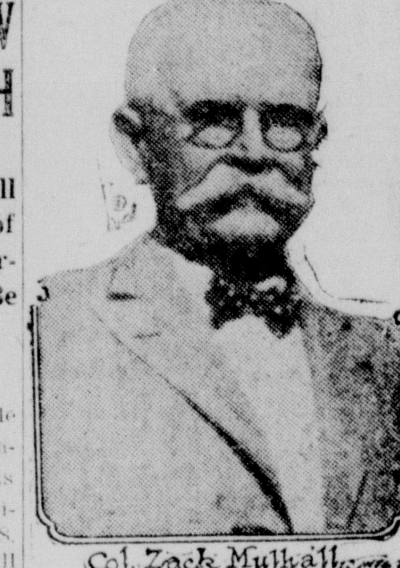

## TICKET CAMPAIGN STARTED FOR LYCEUM COURSE

At a meeting held at the county library, yesterday afternoon, tickets for sale were given out to the members of the five federated clubs of Vernon who will present the lyceum course this fall and winter. Ticket selling has commenced and Friday week the ticket office at Pendleton's Music store will be open and each owner of a ticket is asked to go and select a seat. These places will be retained throughout the course it was announced.

Four excellent programs will be presented by the local clubs this season as their first venture and no better programs will be given in any lyceum course anywhere has been announced by the committee.

Mrs. John Abbott of Wichita Falls visited Mrs. A. Allison last week.

## GUARDS GOVERNOR WALTON IN OKLAHOMA "WAR."

Colonel Zack Mulholland, an old-time Oklahoma plainsman, is a member of the personal bodyguard of Governor J. C. Walton, of Oklahoma, in his "war" on the Ku Klux Klan. The Governor's life was said by his friends to be in danger and they took no chances.

## MRS. STARR BURIED HERE YESTERDAY

### WIFE OF W. P. STARR OF ODELL DIES SUDDENLY— BURIED IN EAST VIEW

Mrs. Fannie Starr, wife of W. P. Starr, Cashier of the Farmers State Bank of Odell, died suddenly early Wednesday morning at their home in Odell.

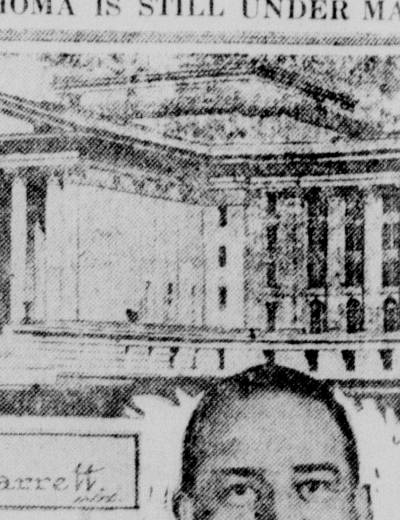

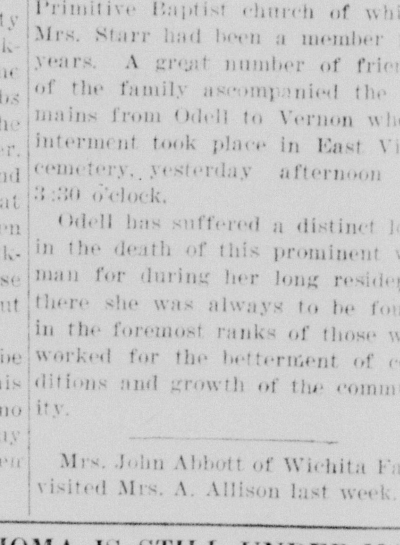

Mrs. Starr had spent the evening away from home and retired in seemingly good health. Warned by thunder of the approaching storm, she arose to close up the house. She complained of feeling badly and rapidly grew worse. Medical aid was summoned but she died in a few minutes after the physician's arrival.

Mrs. Starr, who was Miss Fannie Boone before her marriage was born in Lafayette County, Miss. February 21, 1870. The Boone family moved to Wilbarger County in 1891 and she was married to W. P. Starr August 11, 1892. She is survived by her husband and three children, Laurence Starr, Mrs. Elmer Vassey and Miss Glimmer Starr.

Luneral services were conducted from the family residence yesterday afternoon at 1 o'clock by Elder Green of Altus, Okla., pastor of the Primitive Baptist church of which Mrs. Starr had been a member for years. A great number of friends of the family accompanied the remains from Odell to Vernon where interment took place in East View cemetery, yesterday afternoon at 3:30 o'clock.

Odell has suffered a distinct loss in the death of this prominent woman for during her long residence there she was always to be found in the foremost ranks of those who worked for the betterment of conditions and growth of the community.

## OKLAHOMA IS STILL UNDER MARTIAL LAW.

This is the beautiful State Capitol of Oklahoma, in Oklahoma City, where the State Legislature was prevented from assembling by the military, under orders from Governor J. C. Walton, when they tried to assemble to impeach him for his actions in his war on the Ku Klux Klan. D. A. Stovall, a prominent member of the Legislature, was the leading spirit in the Committee of Three which issued the call for the special session. Buck Garrett, picturesque fighting plainsman and former partner of Bud Bellow, famous Oklahoman sheriff and two-gun man, was killed some time ago, in command of 20 desperate men, who form a personal bodyguard for Governor Walton.

## FIRE PREVENTION PROCLAMATION IS ISSUED BY MAYOR

Anniversary of Chicago Fire Is Set Aside as National Fire Prevention Week—Vernon People Called to Help in Movement

Vernon people are called upon to observe fire prevention week in a proclamation issued by Mayor Harry Mason as a part of the observance of the week of October 7 to 13, throughout the United States, as week of education on methods of reducing the terrible fire losses in this country.

Fire prevention week includes October 9, the fifty-second anniversary of the great Chicago fire, is included in the period observed as fire prevention week.

The Mayor's proclamation calls attention to the losses in life and property sustained by fire in the United States and urges the people of Vernon to guard against fires in this city by cleaning up trash and rubbish and removing fire hazards. Most fires are preventable, and by reducing the fire loss we not only save valuable property, but we are assured of lower fire insurance rates, it is pointed out.

The following proclamation:

Many persons are crippled or burned to death, and about 15 million dollars worth of property is destroyed by fire in Texas every year.

The object of fire prevention week is to remind the people of the seriousness of fire waste, and bring to public attention the fact that the fire loss is everybody's loss and everybody's responsibility, and that the great majority of fires are preventable through the exercise of caution.

Therefore, Harry Mason, Mayor of the City of Vernon, to the end that the needless destruction of life and property by fire may be reduced, do hereby proclaim October 7th to 13th A. D. 1923. Fire Prevention Week in the City of Vernon and hereby call upon all of our citizens to observe the occasion by clearing the city of fire hazards.

On that day let our commercial organizations, women's clubs, the press, boy scouts, and all other local bodies stimulate interest in the work of eliminating fire dangers by actively engaging in a general campaign for that purpose; let the ministers of the Gospel and Sunday School Superintendents on Sunday, the 7th day of October, appropriately mention the need for care about fire, and let the teachers in all schools throughout the week instruct the children under their care in the execution of fire drills, and teach them the danger of fire and how it may be avoided.

In Testimony Whereof, I hereunto sign my name and affix my official seal this 4th day of October, A. D. 1923.

HARRY MASON, Mayor.  
Attest: S. H. HALL, Secretary.

Royal Neighbor Organizer Here.

Mrs. Lillie McNeely of Wichita Falls, district deputy for the Royal Neighbors is here this week assisting in the reorganization of a lodge here.

## Submits to Operation.

## SOCIETY LEADER TRAPS ALLEGED BLACKMAILER.

Trapped by a ruse in the exclusive Hotel Touraine, in Boston, Arthur Le Barron, 38, is held on charges of attempting to obtain \$200,000 from Mrs. N. F. Emmons, of Higham and Boston, by blackmail. It is charged that Le Barron tried to extort this money from Mrs. Emmons on threats to make public letters she wrote to soldiers during the World War. She was known as the "Angel of the Twenty-sixth Division," in which Le Barron served. Mrs. Emmons is a society leader in Boston, a cousin of Bishop Lawrence and a member of one of the oldest families in the Hub.

## ELLIOTT TRIP TO BE MADE TONIGHT

### C. OF C. PARTY LEAVES VER- NON ON EXCURSION AT 7:15 P. M.

Everything is in readiness for trade trip to Elliott tonight, under the auspices of the Chamber of Commerce. The party is scheduled to leave the Chamber of Commerce offices at 7:15, accompanied by the Vernon band and the stunt squad of the King Tut Club.

A community meeting is to be held in Elliott tonight and those in charge of the meeting sent on invitation to leave the Chamber of Commerce offices at 7:15, accompanied by the Vernon band and the stunt squad of the King Tut Club.

Arrangements have been made several times recently to visit Elliott, but each time something has interfered and he trip postponed. With the Elliott trip, the Chamber of Commerce will have completed its series of trade trips into various sections of the county, with the exception of Fargo and Doans.

A splendid program has been arranged for the Elliott meeting, according to advices from there to the Chamber of Commerce and those who make the trip tonight are assured of a pleasant time.

## Oscar Harrington Dies at Crosbyton Saturday From Drinking Poison

Mrs. James Stafford and Mrs. Jennie Coffee of Fargo have returned from Spurr where they went to attend the burial of their grandson and nephew, Oscar Harrington, 21, who died at Crosbyton, Saturday night from poison. The youth in company with two other boys, drank a concoction given them by a barber at Crosbyton, with the result that young Harrington died in thirty minutes and one of his companions is blind and crazed and the other man is still unconscious from the drug.

The stomach of the dead boy was sent to Austin for analysis. The dead youth was the son of Mr. and Mrs. John Harrington of Spurr and the family formerly lived in Wilbarger County. Young Harrington visited his relatives here in company with his father and mother last year during the County Fair.

## BLANKETS FOR FOOTBALL TEAM HAVE BEEN ORDERED

A number of local business men have subscribed to a fund to buy blankets for the Vernon high school football team, and the robes will probably be received some time next week. The movement was started in the Rotary Club, but the subscription is open to all who care to participate.

The blankets will be presented in appreciation of the splendid work the team has been doing this season.

## REFINERY HAS FIRE LOSS OF \$125,000

LIGHTNING STRIKES RESERVOIR AT WAGGONER PLANT IN EAST WILBARGER

The 55,000-barrel oil reservoir of the Waggoner Refining in the eastern edge of Wilbarger, which was fired early Wednesday morning when lightning struck it, had completely burned itself out yesterday morning.

The fire did not spread beyond the reservoir where it originated, although fears for other property nearby were entertained for a time.

The loss is placed at \$125,000 and was fully covered by insurance.

The reflection from the huge blaze could be seen in Vernon Wednesday night, and it was rumored that other big tanks were on fire, but this proved to be untrue.

## "IMPRESARIO" TO OPEN LYCEUM HERE

MUSICAL ATTRACTION IS RE-  
GARDED AS ONE OF BEST  
NUMBERS AVAILABLE

The Vernon Lyceum Series, at the Vernon Theatre under the auspices of the Federated Clubs, will be ushered in by a company of nationally known artists who have proven their sterling worth by breaking all American records for return engagements. The "Impresario," which this season is its third annual trans-continental tour, will be forced to remain upon the road several additional weeks this year in order to meet the demands for appearances.

So popular did this great company of songsters prove in Norman, Okla., where it appeared under the management of the Oklahoma State University that a blanket contract was closed assuring the university an appearance of all attractions under the same management. In Wichita Falls, after the "Impresario" appeared there last season the local management made every effort to secure a return date, to be played the next night but as the company was booked to appear in the new Coliseum in Oklahoma City this was not possible. The President of Vassar, in writing of this company said "The finest thing we have had here either musically or dramatically in many years." From every state in the Union and many provinces of Canada have come brilliant testimonials backed up by return dates.

It would be impossible to tell the story and it would spoil a lot of the fun which comes in the comical surprises but it may be well just to say it deals with the trials of an opera house manager. The soprano cause him no end of worries but somehow things eventually right themselves and all ends happily. The music is tuneful, brilliant with many floral flights to the top tones. The costumes are very fine and the scenic effects have never failed to win the highest praise.

Percy Hemms, the dean of American baritones, is a seasoned artist ideally adapted to the intricate demands of Mozart. He has sung this classic over five hundred times and to think of this opera is instinctively to associate with his greatest characterization. Mr. Hemms this summer entered moving pictures. Rupert Hughes prevailed upon him to visit California and star in two pictures which will be released soon by one of the larger motion picture companies.

The all artist original Hinshaw cast has been re-engaged for this coming tour. Their long association together will prove delightful to audiences who will witness the perfect harmony both of vocalization and dramatic skill for which they are renowned.

In many instances the "Impresario" will sing in cities for the third time. This is in itself an outstanding proof of its sterling worth.

## CONTRACT IS LET FOR NEW BUILDING

HARRY MASON AWARDS CONTRACT TO ALLEN & DAVIS ON EAST SIDE STRUCTURE

Harry Mason Wednesday awarded a contract to Allen & Davis for the remodeling of the building on the east side of the square, now occupied by the Co-Operative Garage.

A new front is to be installed.

and the building, which is 60 by 110 feet will be divided into two store buildings. The interior will be completely changed, with a concrete floor, metal ceiling and plastering.

When finished the building will be one of the most attractive one-story structures in the city. The modern front, set off with ornamental lighting fixtures, will add greatly to its appearance. Practically it will be a new building. Only the side and rear walls and the roof of the present structure will be retained.

The improvement will cost approximately \$5,000. The Co-Operative Garage will occupy one of the store rooms, but the other has not yet been rented, although Mr. Mason

says he is negotiating with two or three different firms for a lease.

UNINCORPORATED

Anticipating the usual November selling comes this October showing of Coats with its two-fold advantage of enabling one to choose her Coat together with other new costumes and to have it for early season wear.

The round yoke and elaborately embroidered banding which distinguishes this Coat is smartly typical of many fine models .....\$49.75

### Coats Handsomely Trimmed in RICH FURS

WHETHER it is a band of fox across the bottom of the apron front, an upstanding collar of viatka squirrel that softly frames the face or a strip of kit fox at the closing point, the exquisitely fur-trimmed Coat flatters as it becomes. Marleen, marvella and gerson in rich Hindu brown and bluish grey lend added loveliness and mark these Coats as decided values.

**\$15.00 TO \$89.75**

### Braiding and Circular Godets on CLOTH COATS

APPEALING especially to the women who choose all cloth Coats through preference are these models. Cordings of the fabric that impart that well-tailored look, circular tiers applied horizontally together with elaborate self-tone embroideries impart to each of these Coats a fashionable individuality.

**\$10.00 TO \$39.75**

### Fashion's Fall Favorite A TOPCOAT

AS bonny as Scotland's braes are these shaggy-surfaced, gayly-striped Topcoats some running up and down and others right around. Straight and slim they summon one to go hiking or motoring or just to knock about town. In rich wood browns that blend from beige to henna they look autumnal.

**\$19.75 TO \$49.75**

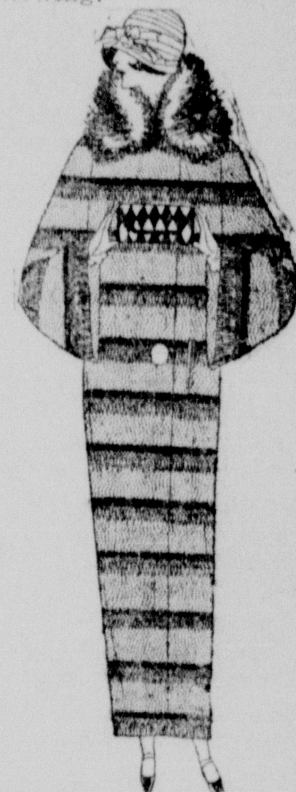

### Excellent Values and Style Variety Distinguish THE SMART COAT

in This Important Showing

TIMELY buying enables us to present this attractive group of Coats just when every woman is thinking about a cooler weather wrap. It takes but a glance at this page to prove that prices are right and at the Coats themselves to know that the prices represent exceptional buying opportunities.

The window on the right side of the main entrance to the Store is being devoted exclusively to Coats. The shopper who views them critically will be convinced of the style comprehensiveness and rightness of the Coats in this showing.

### For the Miss in Her Teens A WIDE CHOICE

"RIGHT up to the minute," is the Miss' motto and one she'll have no trouble living up to if her Coat comes from this group. There are chummy Chappie Coats of course and also many with intricate braidings and fur bandings for more dress-up occasions. Seldom are such fine Coats offered at such price advantage.

**\$9.75 TO \$29.75**

### Very Attractive CHILDREN'S COATS

SOMETHING to keep the little folks snug as a bug in a rug is mother's problem now that winds come howling 'round the school house corner. These Coats are just the right solution and come in styles that make them as pretty as they are comfortable. Regulation reefers, gathered coats on yokes and belted styles make choosing easy.

**\$4.95 TO \$19.75**

### Becoming the LARGER WOMAN

A STYLE better suited to the larger woman than this season's slim silhouette is hard to imagine. As a result instead of having to adapt the fashion to her figure she may this season adopt it in its most fashionable version.

**WHY IS A BIG FELLOW BIG?**

Lots of people spend much of their time inveighing against big business—"Malefactors of great wealth," Mr. Bryan used to say in his early crusading in behalf of the oppressed people—without ever stopping to discover some of the reasons for big business.

Mr. Bryan and a lot of other splendid men made a fortune denouncing big business, and it must be admitted that big business has deserved, but not all, of the criticism it has received. But mere denunciation doesn't supply the need for facts.

The crusaders against big business usually overlook one very important factor. If a business has grown there is usually a reason for it, and that reason, nine times out of ten, is a different one from that given us by anti-big business crusaders. Most businesses grow and prosper because they render a better service than their competitors, or render the same service for a smaller charge.

What other explanation, save the one of fraud, short weights, exorbitant prices and such practices, can be offered?

Why do some farmers prosper and others fail?

Why do more than fifty per cent of the business men of all kinds fail, while others succeed?

Why do some lawyers and doctors achieve fame and financial success while the vast majority of their fellows do little more than earn a bare living?

Why do some preachers draw big salaries and preach to thousands, while others get less than enough salary to live respectably and spend their time speaking to empty pews?

If we say that crooked practices are the foundation of big business, big lawyers, big doctors, big preachers, our belief that honesty and square dealing is the best policy becomes a fraud.

A business founded on crookedness is not likely to ever get big, and if it does attain a magnitude above the ordinary it is unlikely to remain big. The crooked man and the crooked business that enjoy permanent prosperity are almost as rare as green redbirds.

**THE FIRE TAX.**

It is not uncommon to read in newspaper reports of fires a statement something like this: "Loss is fully covered by insurance." Nothing could be farther from the truth than this. No fire loss on earth was ever covered by insurance. Property destroyed by fire is beyond restoration.

Owners of property are sometimes compensated in money, in whole or in part, for the loss of their property, but the community or the nation cannot be compensated. Every building destroyed in the United States makes the country poorer to the extent of the value of the destroyed building.

Therefore fire loss is waste, which every one of us helps to pay for. Fire loss is a tax on the people, whose payment cannot be avoided. In every purchase we make a part of the price represents fire tax. Every insurance premium paid is a direct fire tax. The heavier the fire losses the heavier the fire tax. Fire insurance companies must collect more in premiums than they pay in losses, or go out of business.

We hear a lot of grumbling about taxes, yet the greatest single tax paid by the people of the United

States last year was the fire tax. In twelve months the American people paid more than five hundred million dollars in fire tax. This is the worst of all taxes because it is total loss. It represents destruction of property. Other taxes go to pay salaries of officials, to erect public buildings, to pay pensions, to build roads, canals, harbors and a thousand other useful purposes. Even though they are wastefully administered they at least possess a virtue which the fire tax does not. They do purchase some value, afford employment to people or afford protection to the people.

If we burned up all the currency in circulation in this country we would be poorer as a people only to the extent of the value of the labor and materials necessary to reprint a supply of currency. But when we burn buildings we destroy wealth. When we destroy currency we destroy nothing money. There is a vast difference between wealth and money.

Next week is fire prevention week and the people of this country ought to devote serious thought to the terrible drain the fire tax is making on our national resources.

**TOLBERT.**

School opened up here Monday morning with good attendance.

Quite a number of patrons were present. The opening song, "America," was sung by the school. Next was a solo, "The Perfect Prayer," by Mrs. Smith with Miss Ruth Walker at the piano. Next was a prayer by Rev. Smith. S. L. Page gave a talk on present day methods of teaching compared with twenty years ago. Mr. Page said that he had been a county school teacher for eighteen years of his life. That he had taught as high as three schools in one year, getting from twenty-six to one hundred dollars per month, often having as high as ninety to one hundred in actual attendance with no help except that rendered by his older and more advanced pupils. He is highly in favor of compulsory education. He made it very plain that any normal boy or girl with the present day facilities could have an education if they so desired.

Rev. Smith made a splendid talk on the co-operation of the parents with the teachers.

Mr. Oliver made a short talk on the co-operation of the Board of Trustees with the faculty. The Faculty consists of Prof. Cox of Tolbert, Prof. Dockery, Tolbert, Miss Ruth Walker of Vernon, Miss Nellie Cotton of Snyder, Texas, Miss Velma Brumblow of Kirkland.

About one hundred pupils are enrolled.

Mrs. E. B. Page returned home

Monday from a ten days' visit with relatives and friends at Canyon, Claude, Hedley, Childress and Quanah. Mrs. Page said in some sections the crops were good. In cotton and other crops.

Miss Willie Brock returned home from Lubbock Saturday where she had been visiting relatives.

Mrs. Miller of Farmers Valley visited Mrs. M. J. Brock Tuesday. While en route to the dugout during the storm last Wednesday evening Mr. Reynolds was struck by lightning. His daughter Miss Ophelia was also shocked at the same time. It was at first thought that Mr. Reynolds was seriously hurt however it only proved to be a light shock.

Mrs. Bettie Davis of Teague, Texas, who has been visiting her sister, Mrs. J. C. Hughes and her brother, J. S. Archer, has returned to her home after a two weeks' stay.

Raymond and Cary Cummins have returned to their home after a two weeks' visit in East Texas. Heber Brantley of White City will attend school at this place.

W. C. Landy visited with his grandson, Emmett Archer of Electric last week while en route to the Confederate reunion at San Antonio.

Mrs. J. S. Archer and her daughter, Mrs. Claud Brock, entertained the following guests at a quilting given at their home Wednesday. Mesdames Brantley, Cooper, Brock, Page, Dicus, Moore, Lawson, Cummins, Wood, the Misses Gellu, Ophelia and Annie Reynolds, Bill Brock and Grace Dicus. The table was loaded with good things to eat consisting of roast beef, fried chicken, creamed potatoes sweet potatoes.

D. 1923, the same being the 29th day of October A. D. 1923, then and there to answer a petition filed in said Court on the 4th day of October, A. D. 1923, in a suit, numbered on the docket of said Court No. 235, wherein J. W. Rogers is Plaintiff, and R. L. McNatt is Defendant, and said suit upon one Vendor's Lien note, executed by R. L. McNatt 15th day of May 1920, for One Thousand Dollars, due and payable to Elizabeth Knipp six months after date and bearing interest at rate of 8 per cent per annum and providing for attorneys fee clause. Said note was given as a part of the purchase money for Lot No. 1 in Block No. 72 of the Robinson Addition to Vernon, Wilbarger County, Texas, and in said conveyance from Elizabeth Knipp to the defendant, a lien was reserved

to secure payment of the note above set out. That thereafter by written assignments and transfers, said note was transferred to D. O. Smith and J. M. Stafford and by these grantors was duly transferred by written assignment to the plaintiff herein, who is now the legal owner and holder of the same, that the same is due and unpaid, and defendant fails and refuses to pay the same or any part thereof to plaintiff's damage. Plaintiff sues for principal, interest, attorney's fees and costs of

suit for a foreclosure of his lien and all proper relief.  
Herein full not but have before said Court, at its aforesaid regular term, this writ with your return hereon, showing how you have executed the same.  
Given under my hand and the seal of said Court, at office in Vernon, Texas, this 4th day of October, A. D. 1923.

**TERHUNE-ORR IMPLEMENT CO.****Would You Hire One Man To Dig Holes and Another to Follow Him and Fill Them Up?**

Nothing more futile than such a practice could be imagined. Try to imagine the spectacle of one man laboriously digging holes in the ground and another following right along after him and filling them up and as nearly as possible make the earth look as if nothing had been done to disturb it.

Or, what would you think of a man who carried two umbrellas on a rainy day?

Or, what would you think of an automobile with eight wheels?

Yet, we have here in Vernon a duplication of electric lighting systems when one is amply able to render the service. Think of the cost of maintaining two separate power plants, two sets of poles, transformers, wires, meters, etc.; two sets of employees, engineers, meter readers, linemen, bookkeepers and all.

And if you think this needless duplication isn't costing you real money, just stop and figure for yourself. The money used in putting in the municipal plant comes from the taxpayers. The money to pay salaries of large numbers of employees comes from the taxpayers.

Think it over and see if you think it is good business to hire one set of men to dig holes and another set to put the dirt back in them?

## HIGH MILEAGE RECORD HELD BY HUP

WASHINGTON MAN OWNS 1914 MODEL THAT HAS TRAVELED 326,000 MILES

Officials of the Hupp Motor Corporation believe that no car on the market, at any price, provides all its vital parts for a greater margin of strength in proportion to its own strain than the Hupmobile. "Such provision," declares Mr. Charles D. Hastings, president and general manager of the corporation, "is one of the single secrets of long life, and is why the earliest models we built are still in daily service in all parts of the world." Among recent letters received at the Hupp offices in Detroit from its owners are many that tell of automobiles that have given an excess of 100,000 miles of service to date. The aggregate mileage of 17 of these cars is 2,663,202. Al Bloomstrom, of Forest, Wash., the owner of a 1914 Hupmobile which, it is believed, has traveled greater distance than any other automobile ever built, with possibly two or three exceptions. To date it has covered more than 320,000 miles in the intervening nine years. During that time, he writes, replacements have been three springs, spindle and spindle bolts. These latter two, he explains, were broken in a wreck. The springs died from age, he says. When the car had traveled 260,000 miles, the motor parts were tightened and adjusted and have not been inspected since.

## Injunction Appeal Set for Hearing at Amarillo Wednesday

The appeal from the decision of Judge James V. Leak here last Saturday denying an application for an injunction by the Vernon Electric and Ice Company versus the City of Vernon has been advanced for submission and hearing next Wednesday, October 10, by the Court of Civil Appeals at Amarillo.

The application made before Judge Leak asked for an injunction stopping the City from the alleged practice of paying the ordinary running expenses out of interest and sinking funds. Notice of appeal was given and the case is to be heard in Amarillo next Wednesday.

## Texas Duroc-Jersey Breeder Wins Prize on 180-Day Showing

Texas now holds the world record in the National Ton-Litter contest with an official weight of 3898.12 pounds for a litter of twelve Duroc-Jerseys at the end of 180 days feeding. The pigs averaged 324.9 pounds each when weighed September 1st under the supervision of A. L. Ward, Swine specialist of Texas A. & M. College, and officials of the McLennan County Fair Bureau. The pigs made an average daily gain of 1.8 pounds during the entire feeding period.

The record litter was bred and raised by Vie Hill Chalk Bluff, McLennan County, Texas, and is from champion ancestry on both sides. The sire is a son of the champion Junior yearling boar at the Texas State Fair in 1920 while the dam is by L's Pathfinder that was state grand champion Duroc boar at Dallas in 1919. The pigs were farrowed March 5th; there being fourteen in the litter, twelve of which were raised. The dam was a few days less than three years old when the contest ended. In order to be correct and certain on every point, the litter was earmarked when seven days old by the County Agent, E. R. Endaly, in the presence of the President of the local County Livestock Association. The sires on which the pigs were weighed were tested and sealed by the Waco city inspector of weights and measures.

For raising this great litter, Mr. Hill won \$325.00 in cash prizes, \$200.00 of which was offered by the National Duroc-Jersey Record Association, Peoria, Ill., and the balance by Waco business houses. On the day weighed, the pigs were valued at 9.12c per pound on the market though Mr. Hill will realize much more for them.

## UNIVERSITY OF TEXAS HAS RECORD ENROLLMENT

At the end of the first week of class work at the University of Texas, a total of 4,213 students had enrolled and paid their fees in comparison with the number of 3,901 who had registered on the same date last year. There has been a noticeably full attendance during the first week, due it is thought to the enforcement of the negative hour rule, which makes class attendance as essential as passing grades for fulfilling degree requirements. September 30 was the last day on which students could register for courses for the fall term.

## FUNERAL SERVICES OF FORMER PASTOR TAKE PLACE HERE

Rev. J. B. Riddle Whose Death Occurred Wednesday at Quannah Is Buried in Local Cemetery—Hundreds of Friends in Attendance

Funeral services for Rev. J. B. Riddle, 66, pastor of the Baptist Church at Paducah and former pastor of the First Baptist Church here, whose death occurred at Quannah at an early hour Wednesday morning, were held here yesterday at the First Baptist church by the pastor, Rev. L. J. Mims, and Rev. R. F. Jenkins of Amarillo.

Rev. Riddle has been ill only a few days. He suffered an attack of pneumonia at Paducah, Ky., and was brought here by the train. He died at Quannah at an early hour Wednesday morning. He was a member of the State Mission Board of the Texas Baptist convention. He moved to Vernon from Honey Grove in 1907 and served as pastor of the local church four years. The present church building was erected during his pastorate here. After leaving Vernon he held pastorate at Mart, Kerrville, Olney, Newcastle and Paducah.

He was member of the Masonic order and a Shriner. Rev. Riddle was married twice. Four children were born to him by his first wife. They are Mrs. Fred Newth of Vernon, Miss Clara Louise Riddle of Cooper, J. C. Riddle of Mart and R. J. Riddle. He is also survived by his second wife and four children, Mrs. Royce West of Wichita Falls, Miss Ada Seal Riddle of Paducah, George Riddle and Dell Riddle, also of Paducah.

Elvin Watkins of Quannah, by request of the family, sang during the funeral services at the church. Hundreds of people attended the funeral yesterday. Deacons of various churches served by Rev. Riddle during his life time were present and scores of friends and acquaintances of all denominations from throughout this section were here to pay their last respects to the deceased. Floral offerings in profusion were sent. The funeral was one of the most largely attended ever held in Vernon.

Rev. Ben M. Edwards, former pastor of the Central Christian Church here, was in Vernon yesterday afternoon to attend the funeral of Rev. J. B. Riddle and to visit friends.

His home is in Kansas City and he is now conducting a revival meeting with Christian Church in Quannah. The services began last Sunday and will continue two weeks.

Rev. Edwards is engaged exclusively in evangelistic work and has held meetings in a number of important towns and cities in the Southwest in the past two years.

## RECORD COMPLIMENTED BY CHILDRESS INDEX

The following appeared in the last issue of the Childress Index: "The Vernon Record came out last week with an additional column instead of seven as heretofore. The Record has a remarkable line of advertising and found it cheaper to put on another column to each page than to print additional pages to carry the advertising. The Record stands at the head of the country press in Northwest Texas, and the merchants of Vernon recognize that fact by giving The Record plenty of support."

## WOMAN SOLE SURVIVOR OF WRANGLE ISLAND PARTY.

Ada Blackjack

Ada Blackjack, a full-blooded Eskimo woman, is the sole survivor of the party of five who camped on Wrangle Island, in the Arctic Ocean, to claim it for the British Government. They were marooned on the island for two years. She nursed and fed Knight, one of the party, for five months and for more than two months lived close to his dead body, too weak to bury it. Many times what little food she could gather up was stolen by polar bears. A little party left on the island was part of the Expedition of 1921.

## FOOTBALL GAME IN QUANAH TODAY

VERNON SQUAD IS PLAYING  
THIRD TILT OF SCHEDULE  
THIS AFTERNOON

The Vernon high school football team is in Quannah this afternoon to play the third game of the inter-scholastic schedule with the Quannah eleven. Chillicothe and Burkhardt have already been defeated.

The Quannah team is rated as one of the strongest high school organizations in this section and will no doubt give the locals a lively tussle for the decision in this afternoon's set-to.

Coach Gallbraith saw the Quannah team in action a week ago, and while he is not under-rating their ability in the least, he is confident that his huskies can win. The coach said he was undecided on his line-up for today's game.

A number of cars filled with supporters of the local team left here shortly after noon today to attend the game and encourage the Vernon players with rooting.

## 3,067 Bales of This Year's Cotton Crop Ginned Up to Date

Gin receipts for Wilbarger County passed the 3,000 mark this week. Gathering of this year's crop has been greatly delayed by frequent rains. Heavy rains fell throughout the county this week and the cool, damp weather has kept cotton from opening as rapidly as it would otherwise open.

Last year at this time more than 9,000 bales had been ginned in the county. Street prices for middling cotton in Vernon this morning was around 28 cents.

Following is this week's gin report:

Vernon—	237
Peoples	254
Farmers	254
Vernon	254
F. & M.	65
Planters	455
Lockett	531
Fargo	62
Odell (2 gins)	164
Oklahoma (2 gins)	289

## VERNON I. O. O. F. INITIATE CANDIDATES AT RAYLAND

Local Odd Fellows went to Rayland Tuesday night to confer the initiatory degree on one candidate. The Rayland lodge will return their visit Monday night, and another degree will be conferred here on the same candidate. After the degree work the visiting degree staff was treated to fried chicken, ice cream, cake and pie and other good things to eat. The following went from here: Geo. A. Long, John Walker, O. H. Naylor, L. P. Kramer, Earl Coleman, Raymond Holley, R. E. Williams, P. M. McKinley, Earl Madden, L. D. Hundt, Arthur Carney and Alva Watts.

## ELKS JUBILEE AND AUTOMOBILE SHOW OCT. 17TH TO 20TH

Local Fraternal Order Will Stage Big Celebration of Four Days—Many Entertainment Features Will Be Provided Visitors

An Elks jubilee and automobile show will be staged in Vernon under the auspices of the local Elks Lodge Wednesday, Thursday, Friday and Saturday, October 17, 18, 19 and 20. The celebration will probably be had in the Creager building on the southwest corner of the square, although definite arrangements have not yet been made for the building.

The jubilee will be opened Wednesday afternoon with a parade through the business district. Prizes will be offered for the most attractively decorated automobile or float in the parade, and most prizes will be awarded for the most beautiful young ladies who ride in the parade.

A queen will be selected to preside over the celebration. She will be crowned the opening night, surrounded by members of her court and the various princesses.

The entertainment will include a number of carnival features, with boxing and wrestling programs for those who like to witness athletic events.

A smoker-luncheon will be given by the local Elks in their lodge rooms next Tuesday night when final plans for the jubilee will be made. Every local and visiting Elks in the city is urged to attend this meeting, which will be in the nature of a good fellowship affair, in addition to an important business meeting.

J. W. Fagg of Mexia will have charge of the jubilee. His headquarters will be at Collins and Ingram's store.

The following committees have been named:

Finance and building—J. A. Jordan, O. K. Storey, F. E. Nowlin.

Entertainment—George Veto, Roy C. Russell, S. P. Ingram, Guy Packett.

Parade—J. A. Robinson, C. M. Ladd, P. A. Schad, M. B. Allman, J. M. Napier.

Congress—Fred Russell, J. M. Collins, T. P. Lisman, Jr.

Booths—B. Daniels, Gus Veto, Harry Mason.

Advertising—Kelton Greeyer, Roy C. Russell, J. A. Dixon.

Judges of the Automobiles and Young Ladies—Guy Pettit, F. E. Nowlin, J. A. Dixon, Clarence Rainwater.

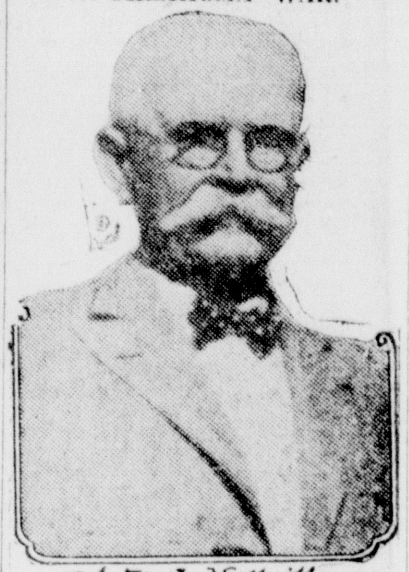

## TICKET CAMPAIGN STARTED FOR LYCEUM COURSE

At a meeting held at the county library, yesterday afternoon, tickets for sale were given out to the members of the five federated clubs of Vernon who will present the lyceum course this fall and winter. Ticket selling has commenced and Friday week the ticket office at Pendleton's Music store will be open and each owner of a ticket is asked to go and select a seat. These places will be retained throughout the course it was announced.

Four excellent programs will be presented by the local clubs this season as their first venture and no better programs will be given in any lyceum course anywhere has been announced by the committee.

Mrs. John Abbott of Wichita Falls visited Mrs. A. Allison last week.

## GUARDS GOVERNOR WALTON IN OKLAHOMA "WAR."

Col. Zack Mulholland

Colonel Zack Mulholland, an old-time Oklahoma plainsman, is a member of the personal bodyguard of Governor J. C. Walton, of Oklahoma, in his "war" on the Ku Klux Klan. The Governor's life was said by his friends to be in danger and they took no chances.

## MRS. STARR BURIED HERE YESTERDAY

WIFE OF W. P. STARR OF  
ODELL DIES SUDDENLY—  
BURIED IN EAST VIEW

Mrs. Fannie Starr, wife of W. P. Starr, Cashier of the Farmers State Bank of Odell, died suddenly early Wednesday morning at their home in Odell.

Mrs. Starr had spent the evening away from home and retired in seemingly good health. Warned by thunder of the approaching storm she arose to close up the house. She complained of feeling badly and rapidly grew worse. Medical aid was summoned but she died in a few minutes after the physician's arrival.

Mrs. Starr, who was Miss Fannie Boone before her marriage was born in Lafayette County, Miss., February 21, 1870. The Boone family moved to Wilbarger County in 1891 and she was married to W. P. Starr August 11, 1892. She is survived by her husband and three children, Laurence Starr, Mrs. Elmer Vasey and Miss Glimmer Starr.

She is also survived by two brothers, Dan and Albert Odell and four sisters, Mrs. S. B. Starr of Odell, Mrs. Jessie Newlin of Hope, Ark., Mrs. Nettie Garth of Fort Worth and Miss Mary Boone of Ardmore, Okla. All were present except Mrs. Garth for the funeral.

Luncheon services were conducted from the family residence yesterday afternoon at 1 o'clock by Elder Green of Altus, Okla., pastor of the Primitive Baptist church of which Mrs. Starr had been a member for years. A great number of friends of the family accompanied the remains from Odell to Vernon where interment took place in East View cemetery, yesterday afternoon at 3:30 o'clock.

Odell had suffered a distinct loss in the death of this prominent woman for during her long residence there she was always to be found in the foremost ranks of those who worked for the betterment of conditions and growth of the community.

Mrs. John Abbott of Wichita Falls visited Mrs. A. Allison last week.

## FIRE PREVENTION PROCLAMATION IS ISSUED BY MAYOR

Anniversary of Chicago Fire Is Set Aside as National Fire Prevention Week—Vernon People Called to Help in Movement

Vernon people are called upon to observe fire prevention week in a proclamation issued by Mayor Harry Mason as a part of the observance of the week of October 7 to 13, throughout the United States, as week of education on methods of reducing the terrible fire losses in this country.

Fire prevention week includes October 9, the fifty-second anniversary of the great Chicago fire, is included in the period observed as fire prevention week.

The Mayor's proclamation calls attention to the losses in life and property sustained by fire in the United States and urges the people of Vernon to guard against fires in this city by cleaning up trash and rubbish and removing fire hazards.

Most fires are preventable, and by reducing the fire loss we not only save valuable property, but we are assured of lower fire insurance rates, it is pointed out.

The following proclamation:

Many persons are crippled or burned to death, and about 15 million dollars worth of property is destroyed by fire in Texas every year.

The object of fire prevention week is to remind the people of the seriousness of fire waste, and bring to public attention the fact that the fire loss is everybody's loss and everybody's responsibility, and that the great majority of fires are preventable through the exercise of caution.

Therefore, Harry Mason, Mayor of the City of Vernon, to the end that the needless destruction of life and property by fire may be reduced, do hereby proclaim October 7th to 13th A. D. 1923, Fire Prevention Week in the City of Vernon and hereby call upon all of our citizens to observe the occasion by clearing the city of fire hazards.

On that day let our commercial organizations, women's clubs, the press, boy scouts, and all other local bodies stimulate interest in the work of eliminating fire dangers by actively engaging in a general campaign for that purpose; let the ministers of the Gospel and Sunday School Superintendents on Sunday, the 7th day of October, appropriately mention the need for care about fire, and let the teachers in all schools throughout the week instruct the children under their care in the execution of fire drills, and teach them the danger of fire and how it may be avoided.

In Testimony Whereof, I hereunto sign my name and affix my official seal this 4th day of October, A. D. 1923.

HARRY MASON, Mayor.

Attest: S. H. HALL, Secretary.

## SOCIETY LEADER TRAPS ALLEGED BLACKMAILER.

Mrs. N. F. Emmons

Trapped by a ruse in the exclusive Hotel Touraine, in Boston, Arthur Le Barron, 38, is held on charges of attempting to obtain \$200,000 from Mrs. N. F. Emmons, of Higham and Boston, by blackmail. It is charged that Le Barron tried to extort this money from Mrs. Emmons on threats to make public letters she wrote to soldiers during the World War. She was known as the "Angel of the Twenty-sixth Division," in which Le Barron served. Mrs. Emmons is a society leader in Boston, a cousin of Bishop Lawrence and a member of one of the oldest families in the Hub.

## ELLIOTT TRIP TO BE MADE TONIGHT

C. OF C. PARTY LEAVES VERNON ON EXCURSION  
AT 7:15 P. M.

Everything is in readiness for a trip to Elliott tonight, under the auspices of the Chamber of Commerce. The party is scheduled to leave the Chamber of Commerce offices at 7:15, accompanied by the Vernon band and the stunt squad of the King Tut Club.

A community meeting is to be held in Elliott tonight and those in charge of the meeting sent on invitation for the Vernon business men to attend.

Arrangements have been made several times recently to visit Elliott, but each time something has interfered and the trip postponed. With the Elliott trip, the Chamber of Commerce will have completed its series of trade trips into various sections of the county, with the exception of Fargo and Doans.

A splendid program has been arranged for the Elliott meeting, according to advices from there to the Chamber of Commerce, and those who make the trip tonight are assured of a pleasant time.

## Oscar Harrington Dies at Crosbyton Saturday From Drinking Poison

Mrs. James Stafford and Mrs. Jennie Coffee of Fargo have returned from Spar where they went to attend the burial of their grandson and nephew, Oscar Harrington, 21, who died at Crosbyton, Saturday night from poison. The youth in company with two other boys, drank a concoction given them by a barber at Crosbyton, with the result that young Harrington died in thirty minutes and one of his companions is blind and crazed and the other man is still unconscious from the drug.

The stomach of the dead boy was sent to Austin for analysis. The dead youth was the son of Mr. and Mrs. John Harrington of Spar and the family formerly lived in Wilbarger County. Young Harrington visited his relatives here in company with his father and mother last year during the County Fair.

## BLANKETS FOR FOOTBALL TEAM HAVE BEEN ORDERED

A number of local business men have subscribed to a fund to buy blankets for the Vernon high school football team, and the robes will probably be received some time next week. The movement was started in the Rotary Club, but the subscription is open to all who care to participate.

The blankets will be presented in appreciation of the splendid work the team has been doing this season.

## "IMPRESARIO" TO OPEN LYCEUM HERE

MUSICAL ATTRACTION IS REGARDED AS ONE OF BEST NUMBERS AVAILABLE

The Vernon Lyceum Series, at the Vernon Theatre under the auspices of the Federated Clubs, will be ushered in by a company of nationally known artists who have proven their sterling worth by breaking all American records for return engagements. The "Impresario," which this season is on its third annual trans-continental tour, will be forced to remain upon the road several additional weeks this year in order to meet the demands for appearances.

So popular did this great company of songsters prove in Norman, Okla., where it appeared under the management of the Oklahoma State University that a blanket contract was closed assuring the University an appearance of all attractions under the same management. In Wichita Falls, after the "Impresario" appeared there last season the local management made every effort to secure a return date, to be played the next night but as the company was booked to appear in the new Coliseum in Oklahoma City this was not possible. The President of Vassar, in writing of this company said "The finest thing we have had here either musically or dramatically in many years." From every state in the Union and many provinces of Canada have come brilliant testimonials backed up by return dates.

It would be impossible to tell the story and it would spoil a lot of the fun which comes in the comical surprises but it may be well just to say it deals with the trials of an opera house manager. The sopranos cause him no end of worries but somehow things eventually right themselves and all ends happily. The music is tuneful, brilliant with many floral flights to the top tones. The costumes are very fine and the scenic effects have never failed to win the highest praise.

Percy Henius, the dean of American baritone, is a seasoned artist ideally adapted to the intricate demands of Mozart. He has sung this classic over five hundred times and to think of this opera is instinctively to associate with his greatest characterization. Mr. Henius this summer entered moving pictures. Rupert Hughes prevailed upon him to visit California and star in two pictures which will be released soon by one of the larger motion picture companies.

The all artist original Hinshaw cast has been re-engaged for this coming tour. Their long association together will prove delightful to audiences who will witness the perfect harmony both of vocalization and dramatic skill for which they are renowned.

In many instances the "Impresario" will sing in cities for the third time. This is in itself an outstanding proof of its sterling worth.

## CONTRACT IS LET FOR NEW BUILDING

HARRY MASON AWARDS CONTRACT TO ALLEN & DAVIS ON EAST SIDE STRUCTURE

Harry Mason Wednesday awarded a contract to Allen & Davis for the remodeling of the building on the east side of the square, now occupied by the Co-Operative Garage.

A new front is to be installed,

and the building, which is 60 by 110 feet will be divided into two store buildings. The interior will be completely changed, with a concrete floor, metal ceiling and plastering.

When finished the building will be one of the most attractive one-story structures in the city. The modern front, set off with ornamental lighting fixtures, will add greatly to its appearance. Practically it will be a new building. Only the side and rear walls and the roof of the present structure will be retained.

The improvement will cost approximately \$5,000. The Co-Operative Garage will occupy one of the store rooms, but the other has not yet been rented, although Mr. Mason

says he is negotiating with two or three different firms for a lease.

The thrilling elopement of the royal heroine in boy's clothing with her lover, including the life leap on horseback from a high bridge. This you will see in Marion Davies' great photoplay "When Knighthood Was in Flower." Vernon Theater next Monday and Tuesday, October 8th and 9th. 11c

Mrs. Chas. P. Ross and daughter, Eugenia, returned Wednesday from Wichita Falls where she has been visiting her sister, Mrs. M. A. Smith. Mrs. Smith, who is recovering from an operation, returned with her and will visit for some time.

### Coats Handsomely Trimmed in RICH FURS

WHETHER it is a band of fox across the bottom of the apron front, an upstanding collar of viatka squirrel that softly frames the face or a strip of kit fox at the closing point, the exquisitely fur-trimmed Coat flatters as it becomes. Marleen, marvella and gerona in rich Hindu brown and bluish grey lend added loveliness and mark these Coats as decided values.

**\$15.00 TO \$89.75**

### Braiding and Circular Godets on CLOTH COATS

APPEALING especially to the women who choose all cloth Coats through preference are these models. Cordings of the fabric that impart that well-tailored look, circular tiers applied horizontally together with elaborate self-tone embroideries impart to each of these Coats a fashionable individuality.

**\$10.00 TO \$39.75**

### Fashion's Fall Favorite A TOPCOAT

AS bonny as Scotland's braes are these shaggy-surfaced, gayly-striped Topcoats some running up and down and others right around. Straight and slim they summon one to go hiking or motoring or just to knock about town. In rich wood browns that blend from beige to henna they look autumnal.

**\$19.75 TO \$49.75**

Typical of the straight silhouette broken only by circular tiers and then only across the front is this squirrel-trimmed Gerona cloth coat in kit fox grey.

Lots of people spend much of their time inveighing against big business—"Malefactors of great wealth," Mr. Bryan used to say in his early crusading in behalf of the oppressed people—without ever stopping to discover some of the reasons for big business.

Mr. Bryan and a lot of other splendid men made a fortune denouncing big business, and it must be admitted that big business has deserved, but not all, of the criticism it has received. But mere denunciation doesn't supply the need for facts.

The crusaders against big business usually overlook one very important factor. If a business has grown there is usually a reason for it, and that reason, nine times out of ten, is a different one from that given us by anti-big business crusaders. Most businesses grow and prosper because they render a better service than their competitors or render the same service for a smaller charge.

What other explanation, save the one of fraud, short weights, exorbitant prices and such practices, can be offered?

Why do some farmers prosper and others fail?

Why do more than fifty per cent of the business men of all kinds fail, while others succeed?

Why do some lawyers and doctors achieve fame and financial success while the vast majority of their fellows do little more than earn a bare living?

Why do some preachers draw big salaries and preach to thousands, while others get less than enough salary to live respectably and spend their time speaking to empty pews?

If we say that crooked practices are the foundation of big business, big lawyers, big doctors, big preachers, our belief that honesty and square dealing is the best policy becomes a fraud.

A business founded on crookedness is not likely to ever get big, and if it does attain a magnitude above the ordinary it is unlikely to remain big. The crooked man and the crooked business that enjoy permanent prosperity are almost as rare as green robins.

**THE FIRE TAX.**

It is not uncommon to read in newspaper reports of fires a statement something like this: "Loss is fully covered by insurance." Nothing could be farther from the truth than this. No fire loss on earth was ever covered by insurance. Property destroyed by fire is beyond restoration.

Owners of property are sometimes compensated in money, in whole or in part, for the loss of their property, but the community or the nation cannot be compensated. Every building destroyed in the United States makes the country poorer to the extent of the value of the destroyed building.

Therefore fire loss is waste, which every one of us helps to pay for. Fire loss is a tax on the people, whose payment cannot be avoided. In every purchase we make a part of the price represents fire tax. Every insurance premium paid is a direct fire tax. The heavier the fire losses the heavier the fire tax. Fire insurance companies must collect more in premiums than they pay in losses, or go out of business.

We hear a lot of grumbling about taxes, but the greatest single tax paid by the people of the United

States last year was the fire tax. In twelve months the American people paid more than five hundred million dollars in fire tax. This is the worst of all taxes because it is total loss. It represents destruction of property. Other taxes go to pay salaries of officials, to erect public buildings, to pay pensions, to build roads, canals, harbors and to a thousand other useful purposes. Even though they are wastefully administered they at least possess a virtue which the fire tax does not. They do purchase some value, afford employment to people or afford protection to the people.

If we burned up all the currency in circulation in this country we would be poorer as a people only to the extent of the value of the labor and materials necessary to replace a supply of currency. But when we burn buildings we destroy wealth. When we destroy currency we destroy nothing money. There is a vast difference between wealth and money.

Next week is fire prevention week and the people of this country ought to devote serious thought to the terrible drain the fire tax is making on our national resources.

**TOLBERT.**

School opened up here Monday morning with good attendance.

Quite a number of patrons were present. The opening song, "America," was sung by the school. Next was a solo, "The Perfect Prayer" by Mrs. Smith with Miss Ruth Walker at the piano. Next was a prayer by Rev. Smith. S. L. Page gave a talk on present day methods of teaching compared with twenty years ago. Mr. Page said that he had been a county school teacher for eighteen years of his life. That he had taught as high as three schools in one year, getting from twenty-six to one hundred dollars per month, often having as high as ninety to one hundred in actual attendance with no help except that rendered by his older and more advanced pupils. He is highly in favor of compulsory education. He made it very plain that any normal boy or girl with the present day facilities could have an education if they so desired.

Rev. Smith made a splendid talk on the co-operation of the parents with the teachers.

Mr. Oliver made a short talk on the co-operation of the Board of Trustees with the faculty.

The Faculty consists of Prof. Cox of Tolbert, Prof. Dockery, Tolbert, Miss Ruth Walker of Vernon, Miss Nellie Cotton of Snyder, Texas, Miss Velma Brumabow of Kirkland.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS

To the Sheriff or any Constable of Wilbarger County—Greeting:

You are hereby commanded to summon R. L. McNutt by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Wilbarger County, to be held at the Court House thereof, in town of Vernon, Texas, on the fifth Monday in October A. D. 1923, the same being the 22nd day of October A. D. 1923, then and there to answer a petition filed in said Court on the 4th day of October, A. D. 1923 in a suit, numbered on the docket of said Court No. 2357, wherein J. W. Rogers is Plaintiff, and R. L. McNutt is Defendant, and said suit upon one Vendor's Lien note, executed by R. L. McNutt 11th day of May 1920, for One Thousand Dollars, due and payable to Elizabeth Knipp six months after date and bearing interest at rate of 8 per cent per annum and providing for attorneys fee clause. Said note was given as a part of the purchase money for Lot No. 1 in Block No. 12 of the Robinson Addition to Vernon, Wilbarger County, Texas, and in said conveyance from Elizabeth Knipp to the defendant, a lien was reserved

to secure payment of the note above set out. That thereafter by written assignments and transfers, said note was transferred to D. O. Smith and J. M. Stafford and by these grantors was duly transferred by written assignment to the plaintiff herein, who is now the legal owner and holder of the same, that the same is due and unpaid, and defendant fails and refuses to pay the same or any part thereof to plaintiff, damage. Plaintiff sues for principal, interest, attorney's fees and costs of suit for a foreclosure of his lien and all proper relief.

Herein full not but have before said Court, at its aforesaid regular term, this writ with your return hereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Vernon, Texas, this 4th day of October, A. D. 1923.

RELICS OF WASHINGTON

The George Washington Masonic National Memorial, now being erected at Alexandria, Va., will house the priceless relics of the first president in possession of Washington-Alexandria Blue Lodge, No. 22, of which General Washington was the first Worshipful Master. These relics include the old clock that was in the bed chamber of the president on the night of his death and which was stopped at 10:20 p. m. the exact hour of death, by one of the attending physicians. They include also a penknife given to the boy Washington by his mother and carried by him 56 years; the general's Masonic apron, his wedding gloves, farm spurs, pruning knife, pocket compass, cupping and bleeding instruments, bootstraps and garter and many other small articles. The lodge also owns the portrait of Washington painted by Williams, which is considered to be the truest likeness of "the father of his country," and which is different from most portraits of him.

The memorial to Washington, the Mason, is being erected in Alexandria, just across the Potomac river from the national capital, because General Washington's Masonic activities centered about that city. Alexandria is almost a part of the city of Washington, D. C., and is about half way between the latter city and Mount Vernon. The memorial will be the greatest ever erected in honor of any man. Together with the endowment, it will cost \$1,000,000. It will be on Shooter's Hill, an eminence overlooking the country in which General Washington lived most of his life. It will be 200 feet wide, 230 feet in length and 169 feet high.

The cornerstone of the memorial will be laid Thursday, Nov. 11, amid most impressive ceremonies. It is expected that the greatest number of Masons ever assembled in any city at any one time will be on hand for the ceremonies. All railroads are offering reduced rates to those who journey to Washington, D. C., for the cornerstone laying.

FOSTER'S WEEKLY WEATHER  
BULLETIN.

Washington, Oct. 6, 1923.—October weather features were described in previous bulletins. The most prominent is the beginning of a great drought. Excessive rains usually occur immediately before and part of September surely filled the first part of these conditions. A prominent grain dealer at Kansas City, Mo., writes me saying: "It doesn't look as if your drought would start Oct. 15 in so much as we have had the heaviest rains in the past week we have had in many months, and they are general." That drought is not expected to be serious in October and those heavy rains will aid in drawing the line between the week centering on Oct. 10 to end the excessive rains. Numerous severe storms will not permit drought in November and up to week centering on December 8. The severe part of the drought is expected in Jan. Feb., Mar., and it will include one-third of the continent. Good-by to the bumper winter grain crops of 1924. Then add the 1925 drought in one-third of the best crop sections of North America and from such conditions make your own conclusions.

Temperatures for October promise to be generally low for all sections near Oct. 6, 18 and 27 and high near 11, 22 and 31; severe storms during weeks centering on 11 and 18; cold waves during weeks centering on 10 and 20. Probabilities are that no very great increase in markets for grain will occur in October. Conditions of the governments in Europe have much influence on our grain and cotton markets. The grain and cotton hedges, as manipulated by world dealers have great influence on these markets. It is dangerous to deal in grain or cotton without the advice of experts. Supply and demand should control our grain and cotton markets but they do not; they only control the average from one harvest to another. Indications are that cotton goods markets will be higher during the next twelve months but much depends on Europe's ability to buy. The great plains are producing well. Most parts of that great country have had good rains and, as predicted, their moisture came from the Pacific ocean. I am advising farmers to hold their grain. Cotton is high enough; let her go. Hog cholera not far in the future; be on guard for it. Epidemic of measles due next May; location of the epidemic not yet worked out.

I hope now will sow winter wheat in parts where the great winter drought is expected during the six months from Oct. 15 to April 15. In some parts of the southern states they sow winter grain almost any winter month and as that great drought will strike parts of the agricultural south

great losses of seed and labor are certain. Similar losses will come to other winter grain sections. During the last six months fish of the north Pacific congregated along a line from Manchuria to Mexico; during the next six months they will congregate near the western coast of North America. Birds migrate to the best seed fields and normal rains produce the best. Fish migrate to the waters that produce the most abundant sea insect food and that occurs in those waters where sun, moon and other planets produce the most forcible electro-magnetism. It is all as easy to understand as it is to grow a large crop of weeds when you understand how Nature works. Watch the fish congregate; you can best do this by watching sharks migrate as they follow the fish.

Inactive  
Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a tremble feeling is often a sign that the stomach is out of order. For this I took Thedford's Black-Draught, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

Vernon, Texas, Sept. 27, 1923.

CITATION BY PUBLICATION  
THE STATE OF TEXAS

To the Sheriff or any Constable of Wilbarger County—Greeting:  
You are hereby commanded to summon D. J. McLeannan, if living, and if dead, all the heirs of said D. J. McLeannan, deceased, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Wilbarger County, to be held at the Court House thereof, in Vernon, Texas, on the fifth Monday in October, A. D. 1923, the same being the 29th day of October, A. D. 1923, then and there to answer a petition filed in said Court on the 28th day of July, A. D. 1923, in a suit numbered on the docket of said Court No. 3327 wherein W. H. Harrison is the Plaintiff, and D. J. McLeannan, if living and if dead, all of the heirs of said D. J. McLeannan, deceased, are the Defendants, and a brief statement of the plaintiff's cause of action being an action of Trespass to try title and recover the title and possession of that certain tract of land, situated in Wilbarger County, Texas, known and described as all of lot No. 11, in Block No. 2 of the Addition to the town of Vernon in the County Clerk's office of Wilbarger County, Texas, in plot Book No. 1, and alleging that plaintiff, claiming to have grant and perfect right and title to said land, has had and held peaceably said land and premises, and adverse possession of same, cultivating, using and enjoying the same for a period of more than ten years, and more, to-wit: thirty years, after defendants' cause of action, if any they ever had, accrued, and before the 1st day of July, A. D. 1923.

Herein fail not but have before said Court, at its aforesaid regular term this writ with your return thereon

## These Are The Hours That Count

MOST of your time is mortgaged to work, meals and sleep. But the hours after supper are yours, and your whole future depends on how you spend them. You can fritter them away on profitless pleasure, or you can make those hours bring you position, money, power, real success in life.

Thousands of splendid, good-paying positions are waiting in every field of work for men trained to fill them. There's a big job waiting for you—in your present work or any line you choose. Get ready for it! You can do it without losing a minute from work, or a wink of sleep, without hurrying a single meal, and with plenty of time left for recreation. You can do it in one hour after supper each night, right at home, through the International Correspondence Schools.

Yes—You Can Win Success in an Hour a Day

Hundreds of thousands have proved it. The designer of the Packard "Twin-Six," and hundreds of other Engineers, climbed to success through I. C. S. help. The builder of the great Equitable Building and hundreds of Architects and Contractors won their way to the top through I. C. S. spare-time study. Many of this country's foremost Advertising and Sales Managers prepared for their present positions in spare hours under I. C. S. instruction.

For 31 years, in offices, stores, shops, factories, mines, railroads—in every line of technical and commercial work—men and women have been winning promotion and increased salaries through the I. C. S.

No matter where you live, the I. C. S. will come to you. No matter what your handicaps or how small your means, we have a plan to meet your circumstances. No matter how limited your previous education, the simply-written, wonderfully-illustrated I. C. S. textbooks make it easy to learn.

Make Your Start Now!

When everything has been made easy for you—when one hour a day spent with the I. C. S., in the quiet of your own home, will bring you a bigger income, more comforts, more pleasures, all that success means—can you afford to let another single priceless hour of spare time go to waste?

This is all we ask: Without cost, without obligating yourself in any way, put it up to us to prove how we can help you. Just mark and mail this coupon.

## HIGH MILEAGE RECORD HELD BY HUP

WASHINGTON MAN OWNS 1914 MODEL THAT HAS TRAVELED 326,000 MILES

Officials of the Hupp Motor Corporation believe that no car on the market, at any price, provides all its vital parts for a greater length of strength in proportion to its own strain than the Hupmobile. "Such provision," declares Mr. Charles D. Hastings, president and general manager of the corporation, "is one of the simple secrets of long life, and is why the earliest models we built are still in daily service in all parts of the world." Among recent letters received at the Hupp offices in Detroit from owners are many that tell of automobiles that have each given an excess of 100,000 miles of service to date. The aggregate mileage of 17 of these cars is 2,603,202. Al Bloomstrom, of Forest, Wash., the owner of a 1914 Hupmobile which, it is believed, has traveled greater distance than any other automobile ever built, with possible two or three exceptions. To date it has covered more than 320,000 miles in the intervening nine years. During that time, he writes, replacements have been three springs, spindle and spindle bolts, these latter two, he explains, were broken in a wreck. The springs died from age, he says. When the car had traveled 290,000 miles, the motor parts were tightened and adjusted and have not been inspected since.

## Injunction Appeal Set for Hearing at Amarillo Wednesday

The appeal from the decision of Judge James V. Leak here last Saturday denying an application for an injunction by the Vernon Electric and Ice Company versus the City of Vernon has been advanced for submission and hearing next Wednesday, October 10, by the Court of Civil Appeals at Amarillo.

The application made, before Judge Leak asked for an injunction stopping the City from the alleged practice of paying the ordinary running expenses out of interest and sinking funds. Notice of appeal was given and the case is to be heard in Amarillo next Wednesday.

## Texas Duroc-Jersey Breeder Wins Prize on 180-Day Showing

Texas now holds the world record in the National Ton-Litter contest with an official weight of 3898 1-2 pounds for a litter of twelve Duroc-Jerseys at the end of 180 days feeding. The pigs averaged 324.9 pounds each when weighed September 1st under the supervision of A. L. Ward, Swine specialist of Texas A. & M. College, and officials of the McLennan County Fair Bureau. The pigs made an average daily gain of 1.3 pounds during the entire feeding period.

The record litter was bred and raised by Vic Hill, Chalk Bluff, McLennan County, Texas, and is from champion ancestry on both sides. The sire is a son of the champion Junior yearling boar at the Texas State Fair in 1920 while the dam is by L's Pathfinder that was state grand champion Duroc boar at Dallas in 1919. The pigs were farrowed March 5th; there being fourteen in the litter, twelve of which were raised. The dam was a few days less than three years old when the contest ended.

In order to be correct and certain on every point, the litter was examined when seven days old by the County Agent, E. R. Endley, in the presence of the President of the local County Livestock Association. The scales on which the pigs were weighed were tested and sealed by the Waco city inspector of weights and measures.

For raising this great litter, Mr. Hill won \$335.00 in cash prizes; \$200.00 of which was offered by the National Duroc-Jersey Record Association, Peoria, Ill., and the balance by Waco business houses. On the day weighed, the pigs were valued at 9.12c per pound on the market though Mr. Hill will realize much more for them.

## UNIVERSITY OF TEXAS HAS RECORD ENROLLMENT

At the end of the first week of class work at the University of Texas, a total of 4,213 students had enrolled and paid their fees in comparison with the number of 3,901 who had registered on the same date last year. There has been a noticeably full attendance during the first week, due it is thought to the enforcement of the negative hour rule, which makes class attendance as essential as passing grades for fulfilling degree requirements. September 30 was the last day on which students could register for courses for the fall term.

**LIFE SAVED**

I feel that your preparations, particularly Ferrasol, saved my life. I was advised by some of the best doctors in Dallas to have an operation for gall stones. I started taking Ferrasol and in one week's time I could eat again. It cured me and I believe Ferrasol will cure any case of stomach or bladder trouble if taken properly.

Very truly yours, R. D. Elliott.
